## 100% RECYLED PLASTIC - POST CONSUMER

4" x 4" Posts

### RECYCLED PLASTIC MESSAGE CENTER

Our premium quality message centers are made from 100% recycled plastic. Our recycled plastic is maintenance free! It will never rot, rust, chip, splinter or peel. It is graffiti resistant and has UV inhibitors to prevent color fading. Our message centers are made with crystal clear, high-impact acrylic viewing glass that will not yellow. The glass is 100 times stronger than regular glass. We use zinc coated locks to secure the sliding doors. A high quality cork board display surface is included. Great for indoor or outdoor use! Message centers are offered in three sizes: Small = 20" x 36", Medium = 36" x 26", Large = 51" x 36". Medium and large sizes are offered as two different models: single sided or double sided. Each unit can be purchased as wall mount or with reinforced mounting posts. Now with thicker corkboard. Available in green or cedar.
