CROWD BARRICADE

Interlocking barricades (42" h x 96" l x 2.5" w) are very easy to setup, take down, and store. Can be ballasted with 3 gallons of water to a filled weight of approximately 57 lbs per barricade. These units are made of high impact UV resistant polyethylene (.125") for superior strength and durability. Pay for it through advertising. A 28.5" x 36" sign panel space can be used for advertising. Set up in various configuration to create a continuous interlocking longitudinal barricade walls. Consider a gate barricade for access - see upper left picture. The feet twist flush - see lower left picture. Specify color(s) when ordering - green or yellow.
